

MARINE NEWS

Passengers.
DEPARTURES.
For Kauai, per steamer Mikahala, Dec 18—A. N. Wilson, J. McElroy, P. J. Fien, C. Y. A. Long, G. N. Wilson, G. Andressen, E. Andressen, Miss Hendrickson, Miss Blackstadt, Mrs. G. Man-o.

Shipping Notes.
The steamer Likelike is on the Marine Highway being cleaned.
All the steamers of the I. L. S. N. Co.'s fleet are engaged at present, only the Kala, which is being repaired, being in port.
"Blubber whale" Kahanah, the old-time whaler who whistles and makes speeches on the city front, was unusually lively to-day.
The bark Martha Davis, Capt. Sule, arrived yesterday afternoon twenty-one days from San Francisco, with a cargo of general merchandise. Captain Sule and Captain Nelson of the W. H. Diamond met shortly after the Martha Davis' arrival and exchanged congratulations. Both left and arrived the same day, the Diamond coming a few hours ahead.

Died.
MERK—In Honolulu, December 19, 1894, Rachel Merk, aged 3 months.

Mortgagee's Notice of Intention to Foreclose.

IN ACCORDANCE WITH THE PROVISIONS of a certain mortgage made by Charles B. Wilson of Honolulu, Oahu, to George F. Townsend, of said Honolulu, dated August 9th, A. D. 1894, and recorded in the Office of Registrar of Conveyances, in Book 47, pages 478, 479 and 48, notice is hereby given that the said George F. Townsend, mortgagee, intends to foreclose the said mortgage for condition broken, to wit: non-payment of principal when due. Notice is also hereby given that the property covered by said mortgage will be sold at Public Auction, at the Auction Room of Jas. F. Morgan, in said Honolulu, On SATURDAY, December 22, 1894.

AT 12 O'CLOCK NOON

The Property covered by said mortgage is described as follows: All that lot or pieces of land situate at Kaimuki, Honolulu, in said Honolulu, bounded and described as follows: Commencing at the corner of Young and Piko streets and running in an easterly direction along Young street 219.5 feet, thence in a northerly direction 150 feet, thence in a westerly direction to Piko street 210.9 feet, thence in a southerly direction along Piko street 190.3 feet to place of commencement, containing an area of 741-1/10 of an acre.

GEORGE F. TOWNSEND Mortgagee.

Too High!

—So Says the Uninitiated—

Do Not Be Deceived!

Do Not Deceive Yourself!

Make honest comparisons—not between St. Petersburg and Honolulu, but between our prices and prices prevailing in other establishments HERE. We are selling Solid Silver

Tea Spoons

as low as \$12 per dozen. Think of it! \$1 for a Solid Tea Spoon of good weight and size; heavier patterns at the same low rate per ounce. We further engrave initials free of charge on all our Silver Ware; thus saving you many more dollars, and still further reducing the cost of our silver to you—over fifteen patterns to choose from.

We are selling Sterling Silver Cuff Links for 75c. and \$1 per set; and yet have never bragged about it; while the quality of our goods has steadily GONE UP, our prices have constantly GONE DOWN.

The volume of business done daily in our Store, is proof of the appreciation held by the general public of our immense stock; of the newness of everything in it; of the ease with which your wants can be supplied. There is no need calling your attention to THE QUALITY of our Silver—people know a good thing when they see it, and you know we buy only the best.

H. F. WICBMAN, Fort Street.

To Plantation Managers.

The following letters received from Mr. Jno. A. Scott, Manager Hilo Sugar Co., refer to the AVERY FERTILIZER DISTRIBUTORS and STUBBLE DIGGERS, for which the Hawaiian Hardware Co. are sole agents. Mr. Scott first saw these implements at the Columbia Exhibition in Chicago, and was so favorably impressed with their appearance that he immediately ordered samples shipped to the Hilo Sugar Co. Mr. H. Deacon, Manager for Pepeekeo Sugar Co., secured one each of these implements from Mr. Scott and expressed his satisfaction with them in the letter published herewith:

PEPEKEO, Aug. 8, 1894.
J. A. SCOTT,
Dear Sir:—In reply to yours in relation to the "Avery" Stubble Diggers and Fertilizer Distributors.
I would say that I have been using the Diggers almost constantly since I received them, and am highly pleased with them. As the name signifies, I find them specially adapted to the work of loosening the soil about ratoon stools, and they may be used to great advantage either before or after the Fertilizer Distributors, thereby putting the ratoon fields in the very best condition for a rapid growth. They are a light draft machine, and I would recommend them to any plantation owner.
The Fertilizer Distributor is a great labor saving machine, and I find that I shall need one more to fill our requirements here.
I remain, yours respectfully,
(Signed) H. DEACON,
Manager for Pepeekeo Sugar Co.
WAINAKU, Hilo, Aug. 9, 1894.

Mr. E. R. HENDRY, Honolulu.
Dear Sir:—In reply to your enquiries regarding the working of the "Avery" Stubble Diggers and Fertilizer Distributors. I would say that I have been using the Diggers for some months and have dug some eight hundred acres of stools with them, thoroughly loosening the soil in and about the roots, thus giving them an excellent opportunity for many more shoots to come forth than usually do. And I find that there is a thicker stand of cane where it has been stubbled dug. The machine works in fertilizers on ratoon stools without any further hand labor, mixing them thoroughly with the soil and allowing them to get to the roots of the plant.

The Fertilizer Distributors I have had at work for some time and I have fertilized about four hundred acres with them thus far and they are doing all the makers claim for them, distributing the fertilizers in an even manner on each side of the cane and in whatever quantity desired. They are a good labor saving machine and are doing the work of several men. These machines are of light draft and strongly made and there is nothing liable to get out of order. I can fully recommend these to plantation owners.

I remain, yours truly,
(Signed) JOHN A. SCOTT,
Manager Hilo Sugar Co.

We received by the Alameda a carload of Avery & Sons' Implements which include Fertilizer Distributors, Stubble Diggers and Improved Sugar Land Cultivators. The latter has solid discs and shovel attachments. They are admirably adapted for use in the soil here and will be found necessary on every plantation.

The Fertilizer Distributor is arranged to work on land where the furrows are irregular with the same facility as where they run even.

Any information regarding these machines will be furnished on application to

HIRES' ROOT BEER.

IT IS A HOMEMADE AND HOMEMAKING BEVERAGE. It is very easily prepared, and if the plain directions are followed, it will always be good. Every member of the family, from the baby to the grandfather, can enjoy Hires' Root Beer, and every one of them will have better health for each swallow they take. It improves the appetite, purifies the blood, and tones the whole system. Children especially delight in Hires' Root Beer. Its preparation interests them, and its use does them good. In thousands of homes, "Hires' Root Beer" that mother made, will be among the happiest recollections of childhood. It cleanses the system of the poisonous humors that develop in kidney and urinary diseases, and in fact, in any case that arises from an impure state of the blood.

Distinctly understand Hires' Root Beer is without adulteration or any chemical or artificial admixture—we prove it—it is made in our open Laboratory. No secret process. We take the best Herbs and Roots, boil them down, bottle them and send them to you. Perhaps there isn't another Root Beer Laboratory in the country open to public eye. Everybody knows Hires' Root Beer—chemicals can't approach nature. Will you use natural Root Beer and satisfy your thirst and strengthen your body, or will you use artificial Root Beer to save a few pennies and ruin your health? There is ten times as much Hires' Root Beer sold than all other Root Beer extracts combined.
